july - november 15

“
QUOTES
 from our courses
 evaluation forms

“All of the activity was very informative and I learned so much. Good instructions and I would recommend all nurses attend this course”

P. Ashton
 Dental Nurse

“Good to talk through daily maintenance and understand why it is needed especially with changes all the time”

Sabia Patel
 Dental Nurse

“Everything was discussed on the chair and I learned a lot of new techniques”

Stephanie Worrell
 Dental Nurse

“Suction maintenance and autoclave daily routines were particularly useful for me and very well covered”

Lauren Newton
 Dental Nurse

Within our head office we have a purpose built training room, that will accommodate up to 12 delegates. Here we provide training and demonstrations on a wide range of topics, from basic equipment maintenance to IRMER courses and specialist practice management courses, all of which are accompanied by verifiable CPD.

The most popular course is our monthly ‘Equipment Champions’ course, designed to give practice staff an understanding of their equipment in practice and offer solutions as to how they can minimise breakdowns and avoid expensive repairs.

By following our guidance on the course, dental surgeries find that the equipment performs better and requires less service calls.

To reserve a place on the course contact us 0800 020 9400 or hello@de-uk.co.uk.

Our ‘Equipment Champions’ courses are currently scheduled for the second Friday in each month, and run from 09:30 – 14:00. Lunch and refreshments are provided along with course notes.
